

AMPHION BRUSSELS IS LOOKING FOR A DTP/PROJECT MANAGER

Amphion, located in Antwerp and on the outskirts of Brussels, is a 'beyond traditional' – blazing hot visual communication agency delivering fuel for brands such as Coca-Cola, Coke Zero, Coke light, Fanta, Truvo, Mastercard, Unibet, Activision, Luminus and others. We are specialized in creative interaction between brands and consumers. Brand activation, graphic design, product design, motion design, webdesign, online marketing... if it befits the concept and client's needs, we're on it.

Our young and dynamic team is ever expanding. Currently we are on the lookout for a talented, passionate DTP-wizard who can manage a client and is ready to jump aboard and join the crew.

FUNCTION

Upon joining our team, you'll dive head first into a creative think-thank that is bursting with ideas and concepts. Next to managing one of our most important clients you will be coordinating the publishing workflow of the studio. In other words: You check the designs roughs for leaks, patch them up and roll them out to the printers. You put the finishing touches to our work, and your knowledge will be an important ingredient to the Amphion formula.

PROFILE

- "PDF" is your middle name. You know **Photoshop, Illustrator, Indesign** from the inside out. You know how to manage colour profiles and know how to churn out a Certified PDF.
- You have **agency- or extensive freelance experience**. You are extrovert, communicative and do not cover away from a challenging client.
- You are well aware of the latest trends in Graphic Design and Typography and have near-encyclopaedic knowledge of colors, inks, paper and other printable materials.
- You are a **team player** who can work in close collaboration with creative graphic designers and demanding art-directors

WHAT WE OFFER

You will play a valued position in a great team and will witness the growth of a creative agency that's shaping up to be a major player in the game.

You'll be handling exciting, big satisfaction pay-off projects for high profile clients and joining a funny, amicable, colorful bunch of colleagues that have their nose at/in the spearhead of brand activation.

You'll be working at two fantastic office/studio locations in Brussels and Antwerp (Brussels will be your home base)
