

WE ARE LOOKING FOR A SENIOR DESIGNER / ART DIRECTOR

But... not just any. **We're looking for the real deal. An Art Director in the real sense of the word.** Not the kind generally referred to in modern advertising practice. We're thinking a **Graphic designer working his way up to become head of the Amphion Brussels art department.** We are looking for an **artist that directs** and oversees a team of eager, hungry, junior designers and production artists.

WHAT WE OFFER

- You will land a privileged spot in a **great team** and will stand at the cradle creative agency that's shaping up to be a major player in the game. You'll not only be a foreman **building a company**, but also **building an exciting career.**
- You'll be handling exciting, big satisfaction pay-off projects for **high profile clients** and joining a funny, amicable, colorful bunch of colleagues that have their nose at/in the **spearhead of brand activation.**
- You'll be working at two fantastic office/studio locations in **Brussels and Antwerp** (Brussels will be your home base)
- You'll be earning **good money.** And a huge extra package of bells and whistles to keep you extra happy.

REQUIREMENTS

You have **10 years of experience as a Graphic Designer.** We're talking the real deal design stuff in a **Graphic Design agency** or Graphic studio. You know how to handle your software packages, obviously. We're not even going to list which ones. You know that better than us anyway.

30+ is the new 20. **Experience** comes with age. You've got some mileage on you and can prove it on your birth certificate. Yeah, sure, you've been around the block a few times but still feel like you just left school. More experience, but just as **playful.**

"Red 5, I'm going in". You are a **leader.** You take **responsibility.** You make **decisions.** You **inspire your colleagues.** They follow you in a charge. You have the qualities to take up a leadership role and are not adverse to the prospect of **sharing your knowledge** with a team.

You laugh in the face of **deadlines.** Racing head on to meet one gives you an adrenalin rush. What does not kill you makes you stronger. You don't just execute campaign ideas; you **conceptualize** them with your team. Top to bottom. Bottom to top. You feel just as comfortable in the Brain room as behind your desk.

You are **trilingual** NL/FR/EN.
